Subject: LPFM (MM Docket No. 99-25)

Dear Chairman Kennard,

I am writing to once again urge you to vote for the establishment of Low-power FM stations (MM Docket No. 99-25). At a point in our history when ordinary citizens are becoming increasingly alarmed by the excessive control money has over our lives, this vote could be a blow against the undemocratic forces at work in this country. At the very least, LPFM could be a giant step towards returning the "public" airwaves to the people.

Please vote in favor of Low-power FM. Thank you.
