Re: *Ex Parte – ET Docket No. 98-153*
Ultra-Wideband

Dear Ms. Salas:

On Thursday, 20 April 2000, undersigned counsel for Time Domain Systems, Inc., discussed the above-noted matter with Adam Krinsky, Legal Advisor to Commissioner Tristani. In that conversation, I urged that the Notice of Proposed Rulemaking on Ultra-Wideband technology—now under consideration by the Commission—not reach any tentative conclusions about the use of this technology below 2 GHz. I pointed out that there was not sufficient test data available on which to base such conclusions.

Sincerely yours,
