**Re: *Ex parte* Notification - ET Docket No. 98-153
Ultra-Wideband (UWB)**

Dear Ms. Salas:

On December 6, 2000, Rachel Reinhardt and William Beeler of Time Domain Corporation (TDC) and I met with David Means, Richard Fabina, Tom Phillips, Joe Dichoso, Steve Dayhoff and Andy Leimer of the Commission's Office of Engineering and Technology Laboratory located in Columbia, Maryland to discuss the information TDC submitted in its opening and reply comments to the NPRM in this proceeding. Specifically, we discussed in detail "Appendix C - Measurement Techniques and Issues" that was included with TDC's reply comments. TDC explained each of the "Studies" provided in Appendix C and answered related questions from the Commission's staff.

Should any question arise concerning this matter, please do not hesitate to contact me.

Sincerely,

Phillip Inglis
Consultant for Time Domain Corporation
