2690 MHz Frequency Bands for the Mobile-)	
Satellite Service)	

ERRATUM

Released: January 18, 2001

This Erratum corrects the *Notice of Proposed Rule Making and Order* in the above captioned proceeding, FCC 00-455, which was released on January 5, 2001. These corrections have been made prior to the printing of the FCC Record and thus the Record will be published correctly.

1. In Paragraph 54, the opening clause of the third from last sentence (top of page 24) is revised to read as follows: "Because channels at 2165-2200 MHz are paired with spectrum at 2115-2150 MHz, . . ."
2. In Paragraph 55, the beginning of the first sentence is revised to read as follows: "We thus propose to use the modified relocation procedures (i.e., those designated for fixed microwave service incumbents in the 2165-2200 MHz and 2115-2150 MHz bands) . . ."
