Dear Colleagues in Catholic Education:

We are so fortunate in this wonderful Archdiocese to have ITV as one of our major educational resources. I know we are the envy of many dioceses because of this very fine and innovative facility.

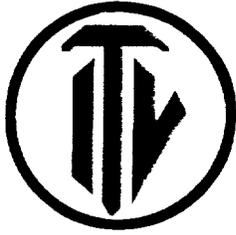

You are faced with many challenges today in your schools and classrooms. Principals speak to teachers about meeting the needs of all the students in our heterogeneous classrooms. We know how difficult it is to accommodate all the learning styles of our children; so you have to adapt your learning styles. ITV has met the various needs of the students in our schools for many years. You who take your teaching responsibility very seriously have found that the format and content offered every year in this Broadcast Schedule enables you to broaden and enrich the classroom curricula.

Many thanks to Michael Lavery, the Administrative Director of ITV, and his fine staff for continuing to bring the world to us through the channels of Instructional Television.

Sincerely,

Dr. Catherine Hickey  
Superintendent of Schools

## INSTRUCTIONAL TELEVISION

215 Seminary Avenue  
Yonkers, NY 10704

Fall 2000

Dear Teacher:

I hope you had a good summer, both restful and productive. At ITV we've been hard at work developing an exciting new line-up of programs to help you in your challenging job of educating our young people.

We encourage you to take a few minutes at the beginning of this school year to thoroughly examine this ITV Broadcast Schedule. You'll find some outstanding new series in several subject areas: Science, Drug Use Prevention, Guidance, Health, Language Arts and Social Studies. We've also added some new Christmas programs.

As always we'll be keeping you posted on special programs and offering suggestions on programs for various seasons with our weekly e-mail of "Focus on ITV." Be sure to ask your principal to pass these on to you.

Don't forget about our "Dial-A-Lesson" service which lets you make up your own program schedule. You'll find more information on Page 7 of this book.

Through the year we look forward to exciting new developments in the services we can offer to you and your students. As they say on TV, stay tuned. And have a great year.

Sincerely,

Michael Lavery  
Administrative Director

# INSTRUCTIONAL TELEVISION SERVICES

## ITV Utilization Coordinator

The ITV Utilization Coordinator is the liaison between ITV and principals and faculty. The Coordinator explains what's available, where to get it, and how to use ITV lessons. The best method for the Coordinator to share these ideas is through a personal visit to a school at a faculty meeting or informally to meet with individual teachers at the school. Call ITV [(914) 968-7800] to arrange for a visit. School faculties are welcome to hold meetings at ITV.

## ITV Coordinator in Every School

It is important for each school to have an ITV Coordinator, someone whom ITV can contact if we need to give information to teachers or if we need feedback from teachers. The ITV Coordinator is responsible for disseminating notices from ITV to the faculty (e.g. FOCUS ON ITV, evaluation forms, seasonal schedules). It is not a taxing or difficult job, but a necessary one.

## FOCUS ON ITV

Each month or so, ITV's Program Director and Utilization Coordinator send out a newsletter, **FOCUS ON ITV**. It is sent via E-mail to those schools that can receive it in that way. If they request it, we will mail it to schools not yet equipped for E-mail reception. Information about new series, special and seasonal programming, inservice programs for faculty, evaluation forms, and surveys, are included in these newsletters. We ask the Principal or ITV Coordinator to copy and distribute **FOCUS ON ITV** to the faculty.

## Seasonal and Special Programs

Prior to Thanksgiving, Christmas and Easter, regular programming is interrupted for a special schedule of holiday features. Program notes and a daily schedule will be distributed to each school.

## News and Views

Weekly information programs, reported and scripted by student newscasters from elementary and secondary schools, are videotaped at ITV's television studios. At the end of each school year, **News and Views** culminates with the "Eddy Awards". Professional news personalities from the New York area present the **Eddy** statuette to winning students and teams for outstanding achievements in broadcast journalism. See page 131 for more information.

## Teacher Guides

A discussion guide for many series is available from ITV. The guides give detailed content descriptions for each individual lesson in a series and suggest activities for teachers and students to do before and after viewing. Wherever possible, coordinate your textbook lessons with ITV lessons. A listing of the **Teacher Guides** is on the last page of this Broadcast Schedule. Ask your Principal for an order form or call ITV and we will send one to you.

# USING ITV PROGRAMS

This Broadcast Schedule contains a listing of all television programming for the current year. It is hoped that you will make it an integral part of your classroom instruction. The programs are designed to heighten the learning process of the TV generation you teach.

The TV lesson should not stand alone. Research suggests that ITV is most effective when used as a resource which is part of the entire classroom lesson. Surveys indicate that students are more engaged and learn more when video is integrated into the lesson.

The following tips will help you use these programs to the best advantage, resulting in an enjoyable, as well as true, learning experience.

## **Teacher Preparation**

**Consult** the Subject Area - Grade Index for the names of series and programs suited to your curriculum needs. Be mindful that many series have interdisciplinary uses. As always, you the teacher know best what material is appropriate for your class. If you are unsure if your class is too young or old for a particular series, call ITV to schedule a preview of a lesson. You can watch the program before you share it with your class.

**Read** the overall description of the series found near the top of the page for the series. Teacher Guides are available through ITV for most of the series you will use. The guides give detailed content descriptions for each individual lesson and suggest activities to use before and after viewing. See the last page for a complete listing of Teacher Guides.

**Coordinate** your textbook lessons and ITV lessons wherever possible by reading lesson descriptions and checking the scheduled dates for each program.

## **In the Classroom**

**Prepare** your class by focusing students' attention on concepts and facts to be learned.

**Create** interest by showing an object or picture or by raising questions related to the topic of the program. The Teacher Guide will be helpful here because the guides will tell you in advance the content of the program. Also, some guides list words which will be discussed in the program. Why not write these on the blackboard so your class will know what to listen for?

**Watch** the program with the class. Make comments during the program to keep students focused on the issues. Older children can take notes. Students are more likely to pay attention when they know their teacher is watching along with them.

## **After the Program**

**Reinforce** what the class has learned. Start discussions, answer questions, relate the new facts from the program to information that students have already learned in class. Use some of the follow-up activities suggested in the Teacher Guide.

**Encourage** short and long term projects. Some teachers give vocabulary tests on words learned in ITV lessons. Others ask students to write essays on what they have seen. Another idea is to simply tell the class that facts from ITV lessons will be on tests just as facts learned from textbooks are. Provide the appropriate feedback. Immediate feedback is the best way to assure retentive learning.

# DIAL-A-LESSON

ITV has developed a method for offering programming at times most convenient for the teacher. We call this method - DIAL-A-LESSON. Except for approximately three hours per day, ITV reserves **Channel 12** for you! The flexibility of our three channel system allows scheduling of programs by request in addition to the regular schedule.

Programs are usually scheduled several days each week at different times of the day. We understand that even with these convenient schedules, there is no guarantee that you will be teaching a topic the week it is scheduled. That's why there is DIAL-A-LESSON. **Any program in this entire Broadcast Schedule** can be scheduled by YOU at any time you prefer. There is no charge for this service.

## The Procedure for DIAL-A-LESSON

Call the ITV Center [(914) 968-7800], ask for DIAL-A-LESSON, and give the following information.

1. **Desired day and time**
2. **Have an alternate day and time in mind (DIAL-A-LESSON is very popular and we receive as many as 15 requests per day, therefore the first date and time you have chosen may have already been requested by another teacher).**
3. **Series title**
4. **Program title**
5. **Your school name**
6. **Your name**

We encourage you to call a few days in advance of the day and time you would like to have the program shown. Please limit requests to one or two lessons per day to allow others to use DIAL-A-LESSON.

## RECORDING OFF-AIR

Any program in this Broadcast Schedule may be recorded "off-air" for subsequent use in the classroom. It should be understood that you may keep these tapes until the end of the current school year. If you wish to keep a tape after June, please call the Program Director at ITV to find out about copyright laws, and the status of our lease with the individual program distributor. Some distributors of ITV programs require payment of a fee from schools to retain programs on tape.

Program \_\_\_\_\_

Weeks of 9/16, 1/27, 6/9 Weeks Airing

Description \_\_\_\_\_

Vincent de Paul knew the pain of poverty as a boy. He spent his entire life lessening that pain for the sick, the poor, and the homeless people of France.

**St. Therese**

**Of Lisieux**

Weeks of 9/23, 2/3  
Therese saw beauty in the flowers by day and stars by night. She particularly loved flowers. She was strongly anchored in God's love.

**St. Francis**

**Of Assisi**

Weeks of 9/30, 2/10, 5/12  
Francis came from a wealthy family but he realized that health was more valuable than a life of wealth. He went throughout the city of Assisi, Italy, healing the sick, helping the poor, and loving all people and animals.
