MY AMERICA

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
11:10 CH 8	2:35 CH 8	2:30 CH 10	2:30 CH 10	-----

My America explores the basics of American Government: how laws are made, ideals of a democratic government, and the rights and responsibilities of citizens in a democracy. Thoughtfully conceived programs teach and encourage children to participate actively in their schools and local communities and to experience the democratic process.

Grades 1 - 6

Teacher Guide Available

20 - Minute Lessons

What Is A Flag?

Weeks of 9/18, 3/26

Students learn the story of the American flag, the meaning of the stars and stripes and the colors. Children make their own flags to celebrate their school.

A Pledge Is A Promise

Weeks of 9/25, 1/8, 4/2

Students learn about the Pledge of Allegiance. A class writes its own pledge calling upon writing skills and vocabulary as well as listening skills and imagination

Neighborhood and

Community

Weeks of 10/2, 1/22,

This program illustrates how people living together in neighborhoods and communities work together. Students visit a wide range of communities in action.

Liberty and Justice

Weeks of 10/9, 1/29, 5/7

Our shared ideals for this country are among the things that bring us together, but achieving fair treatment of all Americans has been one of this country's most difficult tasks. Students design and construct their own monuments to freedom and fairness.

What Is An American?

Weeks of 10/16, 2/5, 5/14

Children grapple with the concept that we are all different and yet we are all the same. This unit helps students understand how and why we all came to be here.

The Story Of The National Anthem

Weeks of 10/23, 2/19, 5/21

Dynamic and visually exciting, this program tells the story of how and why "The Star Spangled Banner" and "America the Beautiful" were written.

What Is A Democracy?

Weeks of 10/30, 2/26

Democracy is based on participation. Students discover that they can make a difference and that they have a responsibility to speak up.

Becoming An Active Citizen

Weeks of 11/27, 3/5

An active citizen is someone who participates in the world around them. The children write a rap song to celebrate their cause, capturing the spirit of My America.

How Our Laws Are Made

Weeks of 12/4, 3/12

Senator Barbara Boxer of California and Supreme Court Justice Ruth Bader Ginsburg answer children's questions about how our system works and why we have laws.

Rights And Responsibilities

Weeks of 12/11, 3/19

The program illustrates the principles of the Declaration of Independence, the Constitution, and the Bill of Rights. A class is divided into two groups: one participates freely in an important class discussion; the other group is denied freedom of speech.

Neighborhoods Where We Live, Work and Play

Weeks of 1/1, 4/30

Children have the opportunity to explore different communities and compare them to their own. It's exciting to imagine what their neighborhood was like 100 years ago. 12:00 minutes

ANCIENT CIVILIZATIONS

DIAL-A-LESSON - (914) 968-7800 - See Page 7

How does a civilization originate? What sustains it? And why does it fall? This series looks for answers to these questions in the ancient civilizations of China, India, Mesopotamia, Egypt, Greece, Rome, and meso-America. With its focus on daily life in each of these cultures, the programs attempt to convey the debt we owe to the past.

Grades 6 - 8 Teacher Guide Available 30-Minute Lessons

The Beginning Is in the End

This program examines how civilizations began in **China, India, Egypt, and Central America**, but concentrates mostly on **Sumer**, a region of **Mesopotamia** near the meeting of the **Tigris and Euphrates** rivers. The basic human need for food, security, and creativity are shown to have shaped the pattern of growth of ancient societies.

Balancing the Budget

The discovery of agriculture and the subsequent domestication of animals gradually led to economies based on trade. This evolution is examined in detail in **Egypt**. The **Minoans** and **Phoenicians**, both great traders, are also studied.

Safekeeping

This study of ancient systems of security reveals how these systems evolved into sophisticated governments and codes of law. **Athens** and **Sparta** are contrasted, and the **Etruscans** and republican **Rome** are also examined.

On the Town

The peak periods of ancient civilizations in **Greece, India, China, and Central America** were filled with remarkable achievements. Past accomplishments in art, medicine, architecture, literature, and philosophy are shown to have had a great impact on the shaping of the modern world.

Legacies

Ancient Rome provides a powerful example in this study of how the past laid the groundwork for many brilliant developments in the Western world today. Second only to the **Greeks**, who left a wealth of innovations, ancient **Romans** invented little but excelled at borrowing ideas from **Greece** and refining them.

The End Is The Beginning

This study of the decline and fall of civilizations focuses on ancient societies in **India, Greece, Egypt, Italy, and Central America**. The main reason for collapse was the inability of societies to adapt to political and environmental changes that they had precipitated.

NEWS AND VIEWS

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
-----	10:30 CH 12	-----	11:30 CH 12	1:30 CH 12

A weekly news program highlighting one relevant topic, scripted and reported by student newscasters from elementary and secondary schools of the Archdiocese of New York.

The students choose their topic, assemble a news team, and prepare all the materials necessary for their show. Employing television techniques such as surveys, debates, interviews, photo essays and editorials, students work both as individuals and as a team to create a well-rounded, thought-provoking look at issues of interest to them. They then come to the ITV studios in Yonkers to videotape their program.

At the end of each school year, the News and Views season culminates with the Eddy Awards. Professional newscasters from the New York area television stations present the "Eddy" statuettes in recognition of outstanding achievement in broadcast journalism. On both the elementary and high school levels, Eddys are presented to individual students in the categories of survey, photo essay, feature, interview, debate, editorial and anchorperson. Outstanding teams are awarded Eddys in the categories of research, graphics and news team.

The 28th Annual Eddy Awards Program will be broadcast LIVE in May, 2001. Check the ITV Newsletter, FOCUS ON ITV for date, time and list of presenters.

Beginning in September, selected News and Views programs from last season will be shown each week until the new programs for 2000-2001 have been produced.

Faculty moderators interested in forming a News and Views team should call ITV at (914) 968-7800, to obtain the necessary information from the News and Views Producer, Roland Chapdelaine.
