Re; FCC 00-455, ET Docket No. 00-258, RM-9920 and 9911

Dear Sirs:

I am writing to express my opposition to the proposed rule that would remove access to the broadcast spectrum currently utilized for course offerings from universities. It is my understanding that this rule would end the Young Scholars Program that serves a number of our students. I believe this would have a negative impact on our students.

Please consider the students who benefit from the programs currently available. The resources they receive are invaluable and, in some cases, would not be available to them if this access is no longer available.

Thank you for your consideration in this matter.

Sincerely,

John A. Roach, Ed.D.
District Superintendent
