Re: Ex Parte Notification
ET Docket No. 98-153
Ultra-Wideband

Dear Ms. Salas:

This is to note that on March 8, 2001, Ned Brokloff, Tim Magnani, John Cristion, Christopher Boswell, David Hohman, and I, accompanied by Dr. Michal Freedhoff of Time Domain Corporation and David Hilliard of Wiley Rein and Fielding met with John Reed, Julius Knapp, Karen Rackley, Donald Campbell, Ron Chase and Dr. Michael Marcus of the Office of Engineering and Technology. The discussion focused on the JHU/APL report concerning the compatibility of ultra-wideband signals and the Global Positioning System which has been filed as a comment to the referenced NPRM.

Should any questions arise concerning this matter, please contact me at (240)228-5176.

Respectfully,

Michael D. Teems
