SUBJECT: Phase II Enhanced Wireless 9-1-1 Service Request

Dear Mr. Brandon:

I am the PSAP Manager for the St. Louis Park Police Department. As the designated APCO Project 38 PSAP, I will be the primary contact for moving forward on Phase II implementation in Minnesota.

Mr. James Beutelspacher, State of Minnesota 911 Product Manager, has already sent letters of request for Phase II implementation in the metro area, dated April 6, 2001.

In compliance with the FCC Rules and Orders the wireless carriers are to provide Phase II of Wireless 9-1-1 Service within six months of a request from a 9-1-1 authority. This letter is our official request for you to implement Phase II Service in our service area.

I suggest that we schedule a meeting with your 9-1-1 manager within the next two weeks at my office to begin the implementation process. Please ask that your 9-1-1 manager contact me within a week to set up a meeting date and provide me information about your staff members that will be attending.

This meeting is important to assist us in understanding your Phase II plans and to be certain that we are doing our part to assist your implementation. We expect to discuss such issues as timelines for deployment, responsibilities, and discussion about the characteristics of the location technology that you have selected.

We plan to also request representatives of our local exchange carrier and equipment vendors to attend the meeting and discuss important network issues and technical issues.

I am looking forward to working with you in this project. If you have questions please call me 952-924-2122 or email me at halex@stlouispark.org

Yours truly,

Heather M. Alex, ENP
