FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

RE: Phase II Request

Dear Mr. O'Connor:

Please find enclosed a copy of the Phase II request letter that I sent to James Nixon on January 3, 2001.

The Denco Area 9-1-1 District is participating in APCO's Project 38 as a Texas PSAP. I received your name from APCO.

If you any questions, please do not hesitate to contact me at (972) 221-0911.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Pedigo', with a stylized flourish at the end.

Mr. James A. Nixon
VoiceStream Wireless
3650 131st Avenue SE, Suite 200
Bellevue, Washington 98006

RE: Phase II Request

Dear Jim:

As you are aware, the Denco Area 911 District has been actively working toward the implementation of enhanced 911 wireless services for the past three years. Currently, the district has Phase I operational for all carriers in its service area with the exception of VoiceStream and AWS. Denco expects to have both operational by the end of January 2001.

Please accept this letter as a request for Phase II enhanced 911 wireless services.

The Denco Area 911 District is prepared for Phase II service. The district is ready to receive the voice and data. In addition, it has completed its GIS mapping project and has a Mapped ALI software installed at all of its PSAPs.

The district requests that VoiceStream immediately begin preparations for the installation of Phase II services beginning in October 2000.

If you have additional questions, please do not hesitate to contact me at (972) 221-0911.

Thanks for your attention to this matter and I look forward to hearing from you soon.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Pedigo', is written over a white background.
