

The Comments I filed in the above matter were late by approximately 20 minutes due to not finding on the subject Public Notice that called for Comments the docket number that would be accepted by the FCC electronic file system. By the time I located this from an associate, it was a few minutes past the 12 PM filing deadline. I request a waiver of the filing deadline for this reason. Acceptance would be in the public interest since the nominally late filing was due to the FCC note providing the information needed in the Public Notice, noted above. Sincerely, Warren Havens
