

memorandum

DATE: June 26, 2001

TO: Secretary

FROM: Michael J. Marcus, Office of Engineering and Technology

SUBJECT: Ex Parte Contact ET Docket 98-153 (UWB)

At my request, Antoinette Cook Bush and Robert Combs of Northpoint gave a presentation at FCC today to 17 university students participating in the Washington Internship for Students of Engineering (WISE) on their firm's viewpoints on the MVDDS/DBS issues in Docket 98-153.

In addition to myself, the following FCC interns were present: Chuohao Yeo, Lynna Quandt, and Johnson Smith. The presentation was limited to points that had been previously included in documents filed in this docket.
