Re: Improving Public Safety Communications in the 800 MHz Band  
WT Docket No. 02-55

Dear Ms. Dortch:

On February 25, 2003, Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA) met with Paul Margie, Legal Advisor to Commissioner Michael Copps, to discuss the above-referenced *NPRM* seeking comments on improving a public safety-CMRS interference problem in the 800 MHz band.

At the meeting, ITA outlined the issues addressed in the Supplemental filing of December 24, 2002. The parties specifically covered Nextel's funding commitment and interference avoidance through Consensus Plan realignment.

One copy of this letter is being filed electronically. If there is anything I may do to further assist the Commission, please do not hesitate to contact me

Sincerely,

/s/ Jeremy Denton
