Re: *Ex Parte* Notice in WT Docket No. 01-90 and ET Docket No. 98-95

Dear Secretary Dortch:

In accordance with Section 1.1206 of the Commission's Rules, 47 C.F.R. §1.1206, the Intelligent Transportation Society of America ("ITS America") hereby informs the Commission that ITS America met on May 8, 2003, with representatives of the Fixed-Satellite Service ("FSS") industry to discuss general technical and regulatory issues associated with the above-referenced proceedings. Representatives of ITS America, Intelsat, New Skies, PanAmSat and the Satellite Industry Association were present at the meeting.

The purpose of the meeting was to initiate industry discussions in hopes of reaching a mutually beneficial accommodation regarding potential interference, coordination and licensing issues associated with ITS and FSS operations in C-band and extended C-band frequencies, as noted in various comments filed in the proceedings. The parties agreed to continue their discussions and will provide the Commission with periodic updates in the future.

Sincerely,

- /s/ -

Robert B. Kelly
