Re: WT Docket No. 02-55
Ex Parte Presentation

Dear Ms. Dortch:

On Friday, May 23, 2003, Lawrence Krevor, Vice President – Government Affairs, Nextel Communications, Inc. (“Nextel”), Leonard Cascioli, Nextel’s Vice President - RF Engineering and Operations, and I met with John Muleta, Bureau Chief, Wireless Telecommunications Bureau; D’Wana Terry, Chief, Public Safety and Private Wireless Division, WTB; Walter Strack, Chief Economist, WTB; Shellie Blakeney, Legal Advisor, WTB; and Michael Wilhelm, Attorney Advisor, WTB, regarding the Commission’s above-captioned rulemaking on public safety communications in the 800 MHz band. During our meeting, we discussed the proposed Consensus Plan for resolving CMRS – public safety interference and providing additional spectrum for public safety communications, and the need to provide Nextel with replacement spectrum as proposed in the Consensus Plan. The facts and arguments we discussed are reflected in written comments previously filed by Nextel and the Consensus Parties in this proceeding.

Pursuant to section 1.1206(b)(2) of the Commission’s rules, 47 C.F.R. § 1.1206(b)(2), this letter is being filed electronically for inclusion in the public record of the above-referenced proceeding.

Sincerely,

/s/ Regina M. Keeney
