

PLEASE TAKE NO STEPS TO PERMIT BROADBAND OVER POWER LINE.  
When I first heard about this, I thought it was a joke.  
Please don't let this happen. This will cause widespread  
Interference to the MF, HF and VHF bands. If you were to  
Compare the beaches to the radio spectrum, this would be  
an oil spill that you couldn't ever clean up. As a  
Professional and Amateur Radio Operator (Commercial Telegrapher  
and General Class FCC License plus Extra Class FCC Amateur  
Class License), I plead with you to please vote NO on this.
