

I am a licensed Amateur Radio Operator with the call sign WE4B, and I would like to go on record as being OPPOSED to the proposed Broadband over Power Line (BPL) system due to it's potential harmful interference to the Amateur Radio Service. I have been volunteer Ham Radio Operator and emergency communications operator for the American Red Cross in times of disaster. The need to communicate over long distances by High Frequency radio, but with this proposed Broadband over Power Line (BPL) system; it will prevent our ability to do so.

Thank You,

Robert P. Broderick Jr., WE4B  
Fort Lauderdale, Florida
