

I am a licensed amateur radio operator since 1959. I ask that you please weight carefully the full consequences that Broadband Over Power lines will impose on millions of people who utilize the radio spectrum between 2.0 and 80 MHz. Short wave listeners, Amateur Radio Operators, HF Aviation, Marine, Military and countless others will be pushed off the HF spectrum by wideband noise. Millions Will be affected by your decision. Please hear our plea. DO NOT ENDORSE, or continue to allow BPL.

Best Regards,
Frank LaFranco - W6NEK
