Re: Improving Public Safety Communications in the 800 MHz Band
WT Docket No. 02-55

Dear Ms. Dortch:

On August 26, 2003, Laura Smith and Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA) met with John B. Muleta, Shellie Blakeney, Michael Wilhelm, Tom Stanley and Walter Strack of the Wireless Telecommunications Bureau to discuss the above-referenced *NPRM* seeking comments on improving a public safety-CMRS interference problem in the 800 MHz band.

At the meeting, ITA reiterated its support for the Consensus Plan in the above-reference proceeding. Specific information on ITA's position at 800 MHz can be found in the record as a signatory to the plan and its subsequent filings. If there is anything I may do to further assist the Commission, please do not hesitate to contact me.

Sincerely,

/s/ Jeremy Denton
