

BPL...NOT FOR THE GOOD OF ANYBODY!.
CONSUMERS HAVE SO MANY WAYS FOR INTERNET SERVICE.
AS AN RF ENGINEER AND BIO-MEDICAL ENGINEER, I BELIEVE BPL WILL
CAUSE HARMFULL INTERFERENCE TO THE AMATUER RADIO SERVICE!

MY CALL IS WA2JJH. I FOUND STUDYING FOR HAM RADIO TEST'S GIVEN BY
THE FCC, MADE GETTING MY DEGREE IN ELECTRICAL ENGINEERING
MUCH EASIER!

YOUNGSTERS THAT GET INTO HAM RADIO, TEND NOT TO GET INTO
DRUGS,GANGS, AND TROUBLE WITH LAW ENFORCEMENT!

. A HAM NAMED MAJOR ARMSTRONG INVENTED THE SUPERHETRODYNE
RECEIVER. MAJOR ARMSTRONG ALSO INVENTED FM MODULATION. MAJOR
ARMSTRONG THEN REFINED BOTH HIS TECHNOLOGIES INTO FM STEREO
BROADCASTING!

A LESS KNOWN FACT IS THAT DURING WW-II, MAJOR ARMSTRONGS FM
SUPERHETRODYNE TECHNOLOGY WAS USED BY IN TANKS BY THE ALLIED
FORCES. FM IS IMMUNE TO ELECTRICAL NOISE PRODUCED BY TANKS AND
PERSONEL CARRIERS. THIS GAVE THE ALLIED FORCES A GREAT TACTICAL
ADVANTAGE. THE AXIS FORCES HAD TO STOP TANK ENGINES TO MAKE A
TACTICAL RADIO TRANSMISSION. THE ALLIES COULD MOVE AND GET RADIO
UPDATES WHILE THE TANK WAS IN MOTION!

THE SUPERHET RECEIVER IS USED IN ALL COMMUNICATION AND
ENTERTAINMENT ELECTRONICS.

HAMS WERE THE FIRST WIRELESS PIONEERS. THE AMATUER RADIO SERVICE
HAS A PROUD LEGACY OF PUSHING THE STATE OF THE ART ENVELOPE.

THE COMMUNICATIONS ACT OF 1934 WANTED A HAM RADIO SERVICE TO
PROMOTE STATE OF THE ART COMMUNICATIONS, AND MUCH PUBLIC SERVICE.

MANY RF ENGINEERS AGREE THAT BPL WILL RUIN THE HF SPECTRUM FOR
HAMS AND OTHER USERS.

THIS IS THE THANKS HAMS GET FOR INVENTING RADIO AND TV TECHNOLOGY
AS WE KNOW IT!!!

A HORRIBLE LEGACY, IF BPL IS NOT REQUIRED TO HAVE AT LEAST 50DB
OF ATTENUATION OF HAM FREQUENCIES!

A VERY SMALL PRICE FOR THE BPL PROVIDERS TO PAY!

IF 50DB ATTENUATION OF THE HAM HF SPECTRUM IS NOT PROVIDED BY THE
BPL PROVIDERS, HAMS ABILITY FOR EMERGENCY COMMUNICATIONS WILL BE
SEVERLY LIMITED. PERHAPS IN CERTAIN AREA'S, NO COMMUNICATION AT ALL!

HAM RADIO OPERATORS HAVE STEPPED UP TO THE PLATE, FAR TOO MANY
TIMES TO RECALL.

HAMS USED TO GET EXTENSIVE MEDIA EXPOSURE DURING AND AFTER
NATURAL DIASTERS. HAMS STILL PROVIDE THE SAME SERVICE. HOWEVER
THE PUBLIC HAS A PERCEPTION THAT HAM RADIO JUST VANISHED, WHEN IN
THE LATE 1970'S THE CB CRAZE HIT AMERICA.

HAMS DESERVE THEIR SPECTRUM CLEAN FROM BPL.
WILL BPL USERS RISK LIFE AND LIMB TO PROVIDE EMERGENCY
COMMUNICATIONS? I THINK NOT!

LIKE IT OR NOT, AMERICA IS AT WAR. MILITARY AFFILIATED HAMS WILL
ALSO BE IMPACTED BY BPL.

FOR THE MOST PART HAMS ARE VERY PATRIOTIC. BPL DURING WAR TIME
IS NOT A GOOD IDEA!

I HOPE I HAVE MADE A POINT
REGARDS MICHAEL E. POSNER
