Among Non-Geostationary Satellite Orbit Mobile Satellite Service Systems
in the 1.6/2.4 GHz Bands, IB Docket No. 02-364.

Dear Ms. Dortch:

On September 26, 2003, Gino Picasso, Ty Brown, and Patricia Mahoney of Iridium Satellite, LLC ("Iridium") and Mike Senkowksi and I, as counsel for Iridium, met with Commissioner Michael Copps and his Legal Advisor, Paul Margie, to discuss the rebalancing of the current Big LEO spectrum band plan and Iridium's domestic and international business plans. In the meeting, Iridium reviewed the points raised in its comments and reply comments filed with the Commission in the above-referenced proceeding on July 11, 2003 and July 25, 2003, respectively. Iridium also distributed the attached documents.

This letter is being filed electronically for inclusion in the above-noted docket pursuant to Section 1.1206(b)(2) of the Commission's rules, 47 C.F.R. §1.1206(b)(2). Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

/s/ Peter D. Shields
