Re: **Ex Parte**
In the Matter of Allocations and Service Rules
for the 71-76 GHz, 81-86 GHz and 92-95 GHz Bands; WT Docket No. 02-146

Dear Ms. Dortch:

On October 1, 2003, Mark Grannis of Harris, Wiltshire and Grannis (representing Cisco Systems), Russell Fox of Mintz Levin Cohn Ferris Glovsky and Popeo (representing Terabeam Corporation), and Thomas Cohen of The KDW Group (representing Loea Communications) met with Paul Margie, Spectrum and International Legal Advisor to Commissioner Michael Copps, and Jared Weaver, an intern in the Commissioner's office. They again raised the industry's approach to FCC authorization of the use of the spectrum in the bands 71-76 MHz and 81-86 MHz. They also discussed a recent meeting with officials at NTIA and the Department of Defense regarding government coordination of the spectrum.

Yours truly,
