

I am shocked and repulsed that the FCC would approve the use of the "F" word to be used on tv and radio! Why?? Is there nothing sacred anymore? I hope those who approved this know they will be standing before God Almighty to answer for this ruling one day. You can be assured that those who still believe in good wholesome values (good people) are offended to the core. I am one of many!! How dare you. We will (good people who care) FIGHT THIS RULING!
