

I am so mad about the suspension of the Howard Stern show in Louisville Ky. It is outrageous what you have done. I love that show it is funny and not ment to be taken seriously!!!! It's a joke. If you don't like it then don't listen!!!! Who are you to tell me what I can and can not listen to. I am a grown woman with morals and a working finger, I know that when something is to much that I can change the channel. Did you ever stop to think that maybe some of us actually I don't know enjoy the program, because we are tired of some uptight politician who just wants to look like they are doing some good for the public to try and play parent to the nation When really all they are doing is trying to "postivelyly" get noticed, but instead you have failed terribly. I have lost respect for the FCC, you have no right to tell me what I can and can not listen too based apon your morals and opinions. When it has been proven time and again that you people are some of the sickest around. And you think that you should tell me what is ok to listen to and see. You have completely over reacted about this whole thing. I listend to tuesday's show, and I didn't hear anything that over stepped the boundaries. You all are wasting so much time and money!!!! That is what is so indecent, outrageos, disgustion... It's rediclous you can not push your ideas of what it right and wrong on me. I have rights to have my own ideas and opinions. And all you want to do is stifle that right and regulate MY life, which you have no right to do!!!! Why am I being punished because you can't be a big enough person to just CHANGE THE CHANNEL!!! What's next are you going to bann songs that YOU don't like? This is a step backwards. And I hope one day that you become a victim of your own rules. I hope this comes back to bite you in the behind. Return the Howard Stern show to Louisvill Ky. Give me the rigt to choose what I want to listen to. Trust me I am intelligent enough (despite what you may think) to make decisions for myself.
