Ms. Marlene Dortch
Secretary
Federal Communications Commission
445 12th St., SW
Washington, DC 20554

Dear Ms. Dortch:

On March 26, 2004, I, a consultant to Pegasus Communications, met with Sam Feder of Commissioner Martin's Office to discuss proposals to reduce public safety interference in the 800 MHz band. We discussed Pegasus's position that the Commission should not act on the matter in a way that adversely affects the value of the guard band licenses in the 700 MHz band.

Very truly yours,
