NOTICE OF EX PARTE PRESENTATION

Dear Ms. Dortch:

On Thursday, April 15, 2004, Craig McCaw and Gerald Salemme of Clearwire Technologies ("Clearwire") met with John Muleta of the Wireless Telecommunications Bureau regarding the Notice of Proposed Rulemaking ("NPRM") in the above-referenced proceeding. The participants discussed the need for the rules that are ultimately adopted to ensure that new entrants are given the opportunity to have access to enough spectrum to compete. Clearwire recommended rules to prevent warehousing of spectrum. In addition, Clearwire discussed the pros and cons of the various proposed band plans and the process of transition to whatever new band plan is ultimately adopted.

Pursuant to Section 1.1206(b)(2) of the Commission's Rules, this summary of our presentation is being filed electronically. Should any questions arise concerning this matter, kindly contact the undersigned.

Respectfully submitted,

/s/ R. Gerard Salemme
