Re: WT Docket No. 02-55
Ex Parte Presentation

Dear Ms. Dortch:

On Thursday, May 20, 2004, Timothy M. Donahue, President and Chief Executive Officer, Nextel Communications, Inc. ("Nextel"), met with Chairman Michael K. Powell regarding the Commission's above-captioned rulemaking on public safety communications in the 800 MHz band. During the meeting, Mr. Donahue emphasized the urgent need to resolve CMRS – public safety interference in the 800 MHz band as expeditiously as possible, and discussed how the Consensus Plan and the assignment of replacement spectrum at 1.9 GHz to Nextel would achieve that goal. He also explained why 2.1 GHz spectrum is not an acceptable substitute for the 1.9 GHz band as replacement spectrum for Nextel.

Pursuant to section 1.1206(b)(2) of the Commission's rules, 47 C.F.R. § 1.1206(b)(2), this letter is being filed electronically for inclusion in the public record of the above-referenced proceeding.

Sincerely,

/s/ Regina M. Keeney
