The Honorable Don Nickles
United States Senate
133 Hart Senate Office Building
Washington, D.C. 20510-3602

Senator Nickles:

I Live in Lawton,OK and I know you're not running again for re-
election,
but from what I have heard about broadband over power lines
is a bad idea.
I am an amateur radio operator and I believe this would cause
undo
interference to my radio operations because of the frequency
spectrum
involved. The power lines already are so noisy that one cannot
even hear
AM broadcast stations at times and the power companys don't
clean those
up, so why should I believe they would properly maintain
these.

I would like You to consider what I think is a bad idea from the
start.

Sincerely,

4/30/2004
