Secretary  
Federal Communications Commission

Dear Ms. Dortch:

On July 2, 2004, Cheryl Crate, Vice President of Pegasus Communications and I, a consultant to the company, met with Commissioner Adelstein and his advisor, Anne Perkins to discuss proposals to reduce public safety interference in the 800 MHz band. We discussed Pegasus's position that the Commission ought not act on the matter in a way that adversely affects the value of the guard band licenses.

Very truly yours,
