Subject: Consensus Plan Support for Fire, Rescue and EMS Safety

Honorable Michael Powell
Chair Federal Communications Commission

No. of Copies rec'd 2

Dear Chair Powell:

I am emailing you a letter on behalf of the Officers and members of the Maryland Fire Chiefs Association for the safety of all fire, rescue and EMS providers across the great state of Maryland. The concerns is the interference

we have experienced in the time we can't have anything, but working communications. When we have personnel in haz-mat level A suits they don't have time for radio's that can't communicate, if they are in a life or death situation. Please consider voting to accept the Consensus Plan, as no other company has offered any solution into this matter. Contact me if I can assist you with any questions with our concerns. Thank you,

Roger A. Steger, Sr.
