

I want to comment on the need for radio station K-LOVE to remain in our community (heard on 90.3)..I have heard that it is in jeopardy of going off the air due to a proposed priority being given to LPFM stations. K-LOVE is one of the most listened to stations in our community, and it provides an encouraging and uplifting format, in the midst of our chaotic world. I believe the effect on our community would be felt immediately, if K-LOVE were to disappear from our listening options. Though we have one or two other religious stations who also are on the air, none has the current music, the news updates, and the commercial-free format offered by K-LOVE. I believe that there are people like me...lots of them!...who find that K-LOVE adds beauty and joy to our day; I don't know of anything else that could replace it. I think that this community needs K-LOVE. Grand Junction is a beautiful place to live, and I request that you not "squeeze" us out of the quotient, simply to be accommodating bigger markets. It would be a sad day for me indeed, if I were to get in my car or turn on my radio at home, and K-LOVE was not there. Please don't take our translators, and please don't take our K-LOVE! Thank you.
